

Finally. A Low Cost Health Plan for Utah Adults.

What is PCN?

The Primary Care Network (PCN) is health coverage for adults who cannot afford other insurance. PCN will cover 25,000 Utah adults.

What does PCN cover?

- Doctor visits
- Emergency room visits
- Emergency medical transportation
- Lab services
- X-rays
- Four prescriptions per month
- Dental exams, X-rays, cleanings, and fillings
- One eye exam per year; no glasses
- Family planning
- Health education

While covered by PCN, you may need to stay in a hospital or see a specialist like an orthopedist, ear nose and throat doctor, or psychiatrist. These services are not covered by PCN. But, PCN case managers may be able to help you get these services.

For example, a PCN case manager could help you if you needed to stay in the hospital, get mental health care, or other services not covered by PCN.

How much will PCN cost?

In addition to small co-pays, there is a yearly fee of up to \$50.

Each person on the program will not be asked to pay more than \$1,000 in co-pays each year.

Do I qualify?

You may qualify if you:

- Are age 19 through 64
- Are a U.S. citizen or legal resident
- Fit within the PCN income guidelines (see chart)
- Do not qualify for Medicaid
- Do not have health insurance, Medicare or Veterans Benefits
- Do not have health insurance at your work

Income Guidelines for the Primary Care Network*		
Family Size	Maximum Income Per Month	Annual Income
1	\$1,108	\$13,290
